Automatic Watering System

The Automatic Watering System is designed to make it easy and fashion to take care of your plant.
This system is suitable for all GREENSHIP flower pots.

- 1. WATERING LEVEL INDICATOR**
Easy to know the water level
- 2. WATERING PIPE**
Add water or liquid fertilizer through the pipe
- 3. PARTITION**
A partition is a wall that separates plant and water from another, creating a water tank at the bottom of pot
- 4. ABSORBENT WOOL**
The soil absorb moisture from water tank by absorbent wool

Features:

- Add water or liquid fertilizer to the water tank directly and quickly
- Ensure suitable watering by reading the water level
- Water tank allows sufficient water supply for up to 15 weeks
- The automatic watering system is designed to fit all GREENSHIP pots

STONE GRAIN POTS

This pot is made of unique scientific formula and peculiar natural grains will appear on the pot surface after molding. As there are no two identical leaves in the world, each of our stone grain pots is unique.

Every pot is like a freehand brush, splash-ink landscape painting in traditional Chinese painting, beautiful and unique. Patterns on the square pot highlight the magnificent mountains, while patterns on the round pots focus on the misty mountains.

RAINBOW POTS

This rainbow pot is made from materials of two colors and produced by using innovative processing technology, now we have white + sky blue and the dark blue + pink.

White and sky blue collocate together as the blue sky and white clouds blooming overhead, quiet and leisurely, in sunny day.

The collocation of dark blue and pink looks like sunset clouds, beautiful and picturesque.

FOAM FLOWERS

Flowers in full bloom embellish your life and make your life more colorful and innovative.

And our foam flowers, unlike the true flowers, can last and accompany you forever.

Those never-withering flowers, rich and spunky, symbolize your love to your family never faded.
